

Help Alameda Protect the Climate! Each of Us Can Make a Difference!

Post this checklist in a prominent location at home. Tackle an item or two at a time, checking them off as you complete projects and change habits. In addition to protecting the climate, you'll save money and incorporate a little more activity into your lifestyle. Leverage the plethora of resources on page 2 for assistance completing the checklist items.

Transportation - Every gallon of gasoline burned creates 19.4 lbs of CO₂ (from US EPA)

The most critical change needed in Alameda is to drive less!

- Bike or walk for short trips
- Take public transit (relax - no fighting traffic)
- Carpool for work, kid activities, meetings, events, clubs, etc.
- Work from home if possible (even 1 or 2 days/week helps)
- Buy an electric vehicle
- Carpool adhoc via uberPOOL or Lyft Line apps

Drive more efficiently:

- Clear out items from trunk/rear of vehicle (do seasonally)
- Check tire air pressure monthly
- Keep regular vehicle maintenance schedule
- Do not exceed speed limit; accelerate/brake smoothly
- Consolidate trips
- Organize route in clockwise pattern to minimize left-hand turns

Conserve Energy at Home

Heating/Cooling:

- Insulate attic Seal air gaps to exterior throughout house
- Replace/clean furnace/AC filters at least every other month when in use (keep a supply)
- Caulk/weather strip windows & exterior doors
- Lower (raise) thermometer setting 2 or 3° F in winter (summer) – Use automated thermostat
- Use a fan to cool instead of A/C (turn off when leave room)
- Install insulated curtains/blinds & plastic film on windows

Lighting:

- Replace incandescent with florescent or LED bulbs

Water Heater:

- Properly install tank & hot water pipe insulation
- Set to 120° F

Appliances:

- Use appliance energy saving options like air dry
- Purchase only Energy Star® appliances
- Consider replacing old fridge/doing w/o 2nd one (AMP rebates)
- Clean refrigerator coils every 6 months

Laundry:

- Wash full loads only
- Use cooler water for wash cycle; cold for rinse cycle
- Clean dryer filter before each load
- Don't overheat clothes in dryer (use moisture sensor option)
- Even better, install and use a clothes line or rack

Dish Washing:

- Skip garbage disposal; scrape food bits in green bin
- Only run dishwasher when completely full
- Fill sink/basin rather than letting water run over dishes down drain

Miscellaneous:

- Request an AMP home energy audit (see back)
- Turn off items when not in use (lights/TV/computers...)
- Take shorter showers
- Consider installing solar panels
- Microwave when possible (more efficient than stove/oven)
- Use smart power strips & unplug electronics when not in use
- Swap gas appliances for electric
- Install reduced flow shower/faucet heads

Reduce, Reuse, Recycle and Rot (Compost) – The Four R's

- Put paper, plastic, glass & metal in blue bin
- Put yard trimmings, food & food soiled paper in green bin
- Reuse mug for coffee/ tea instead of paper cups
- Reuse cloth bags instead of paper/plastic for all shopping
- Buy reusable bottles and use tap water (filtered if you like) instead of bottled water
- Sign up for Freecycle™ to give/get local free items (see back)
- Decline plastic straws/utensils & any extras you don't need
- Repair items instead of replace if salvageable
- Buy used or made from recycled materials products instead of new
- Use dish cloths/rags/mops instead of paper towels/other disposables
- Donate/sell gently worn, no longer wanted items
- Pack no-waste lunches (see back for help)
- Switch to paperless billing Reduce junk mail (see back for help)
- Return hangers to cleaners, berry baskets to farmers market, etc.
- Reduce food waste (see back for help)

Other Ways to Help

- Plant trees (lots of trees); grow a fruit and vegetable garden
- Shop locally; buy locally made/grown goods
- Eat less beef and avoid processed foods with palm oil
- Eat a plant-based diet and reduce food waste
- Use rake, broom & push mowers for yard work
- Vote and campaign for environmentally minded officials
- Give 10 friends this list and help them get started on it
- Volunteer with/donate to organizations which protect the climate
